What

Texas Power Switch helps you lower your electric bills by joining residents together to negotiate a better electric rate. Participants register for free. They then organize a reverse auction where providers compete to offer the best/Lowest rate. All the winning plans are simple, fixed-rate plans, 100% renewable with no hidden fees.

How

Signing takes less than 5 minutes & is free. To register online you will need:

- Your name, address, and phone number.
- The name of your current electricity provider.
- Your current plan type and monthly electricity usage.
- Your contract end date if you are in a contract

Why

60% of people are overpaying for their electricity & most people go 4 years without researching electricity options. That means the opportunity for saved money is sometimes lost. With those potential losses in mind, Nolanville wants to help residents understand the ins & outs of the electricity provider market.

Important Dates

- Register Deadline: **01/25/2022**
- Auction begins on the **01/25/2022** for providers
- Residents get their offer by **February 08, 2022**
- You have until **03/02/2022** to decide whether to accept the offer or not.

*You are **not** required to switch*

The more residents that sign up, the better our chances of getting a good deal are, so invite your family, friends, and neighbors to register so we can get a better deal together!
