Is location sewered by a septic system?

[ ] No, Continue Form

[ ] Yes, Attach permit approval form from Bell County Health Department and complete page two.

Pool Requirements:

The pool shall be set back a minimum of five (5) feet from all property lines. No pool or deck shall be located within any easement.

Pool must be surrounded by a minimum four (4') foot fence that has a self-closing and self-latching gate. Fence must be in place prior to water being placed in pool. (A fenced yard is acceptable if it meets above requirements)

This permit becomes null and void if construction of work is not commenced within six (6) months or if construction of work is suspended or abandoned for a period.

Be sure to include plans with all permit request

I hereby certify I have read and examined this application and know the same to be true and correct. All provisions of laws and ordinances governing this type of work will be completed whether specified herein or not. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other state or local law regulating construction or the performance of construction.
